To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and on that account, if no other, the best medium for advertising.

Local Items.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Ferrisfield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

BUTTER MARKET.—Tuesday Nov. 17, the prices of butter to-day ranged from 0 to 48 cents per pound. The greater portion of the butter, however, sold for 5 cents. About 1,000 tubs were shipped.

Foggy.—The Messenger creates a fog, and in the same article, sends out its rays of light to penetrate it. The Messenger of Monday says: "Mr. Samuel Randall and Mr. V. W. Halbert, of this place, have purchased, and are about to occupy, the Junction House, at Essex Junction. It has this summer been engaged and re-fitted."

Now that isn't so. The house the Messenger is here talking about is not the one that we mentioned on Saturday as having been purchased by Messrs. Randall & Halbert. The "Junction House" is an old settler at Essex Junction, and is now owned by Mr. Samuel Tyler, who, it is true, has "enlarged and refitted it" the past summer, but we do not understand that he has sold it, or wishes to dispose of it to Messrs. Randall & Halbert, or to any one else. If our readers desire to call upon Messrs. R. & H., they will be found in another hotel altogether, a new one, which Mr. Geo. P. Howe has built up from the foundation the past summer. This hotel is situated about 50 yards from the Essex Junction Railroad depot, and there is no need of wading through the Messenger's fog and the Essex sand to the Junction House to find our friends, because they can't be found there.

We would suggest that the Messenger cease befogging its readers and give them correct information by copying correctly from the columns of the TRANSCRIPT.

BRIEFS.—The outdoor music of Groton's Cornet Band, connected with the New Orleans Minstrels, is very fine; and so is their indoor music, as all will testify who were present at the entertainment last evening.

The weather for two days past has been quite cold and overcoats and shawls and gloves are things of the utmost propriety at present. Are we to have another term of the Indian summer?

It would be more agreeable to "grown up folks" who attend concerts if the boys could be induced to stop their hooting and whistling. Laugh and stamp, boys, but dispense with the other disagreeable noises! You will have just as much fun.

None of the readers of the TRANSCRIPT should fail to read the interesting article in to-day's issue, from the Free Press, on the late Gov. Royce.

Is it not about time to sell the street lamps and lamp-posts; as now, they are not of the least benefit to any one. When will the sale be?

THE NEW ORLEANS MINSTRELS.—Variety is the spice of life, and nowhere are the evidences of this truth more apparent than in the varied performances of the New Orleans Minstrels. We were highly pleased with their concert last night, which was given at Academy Hall, to a crowded house. Especially were we delighted with Maud Stanley's power of song and compass of voice in "Thou Art so Near and Yet so Far," and "Nora O'Neil." Mr. L. P. Benjamin introduced his astonishing musical feat of reaching the third and fourth added line above the treble staff with E flat cornet, and the cornet duet of Gordon and Benjamin was truly fine. The whole troupe are musicians of rare artistic merit, and the ladies playing on the violin and cornets was remarkably accurate and praiseworthy. The negro performances gave universal satisfaction, but the "negro" is not the chief idea of the entertainment. Their jokes are original, and their sayings cute, with the absence of everything which can offend good taste. The performances of Walter Wentworth, the contortionist and aerial ring performer, are truly wonderful. The ring is of barely sufficient size to pass his body through, and yet he becomes doubled up, as a pocket-knife, and in this position passes through the same ring. Mr. Wm. Converse, the stage manager, is a gentleman of fine culture, and all are gentlemen and ladies in the full sense of the expression, and we bespeak for them a crowded house to-night, their last concert. To drive dull care and the blues away, let every one go and hear them.

PERSONAL.—Horace Greeley's salary on the New York Tribune is said to be \$7,000.

A daughter of Lot M. Morrill, of Maine, has married Major Wm. M. Dunn, of Pope's staff.

Mrs. Anna Stephens is writing a life of Andrew Johnson.

C. H. Webb has written "The Wicki-cedest Woman," and Carleton has her in press.

SMART OLD MAN.—The Montpelier Journal says that Mr. John M. Doyle of Leicestershire, in his 77th year, has this summer mowed by hand 22 acres of grass land, besides cutting 3 tons of hay for his own use; has dug 95 bushels of potatoes; husked 181 bushels of corn, and has worked out to the amount of \$13.75, besides cutting his own fire wood and taking care of a large garden of his own. He has cut by hand 2 acres of India wheat, between 8 a. m. and 6 p. m., and has cut 2 acres of buckwheat in one day.

SAD ACCIDENT.—In the afternoon of November 11th, Hattie, daughter of John and Sarah Pero, of Pittsford, aged about five years, met with an accident which resulted fatally. The mother of the child, having occasion to leave the house for a few minutes, the child's clothes, during her absence, caught fire, burning her nearly to a crisp. The little sufferer survived the accident for about five hours, during which time, she experienced untold agony, when death mercifully came to her relief.

TWO MEN KILLED BY A LAND SLIDE.—On Friday, on the line of the Vermont and Massachusetts Railroad, near Gardner, an embankment in a gravel pit, under which a gang of laborers were at work, fell, burying two men—Michael Moran of Fitchburg, and another who resided in Gardner, name unknown.

A COUNTRYMAN FLEECE.—The Troy Times says: On the 17th inst., a Vermonter, named Jacob Harber, lost a gold watch worth \$75, and \$7 in money, by means of a very old confidence game. Jacob was approached in the Union depot by three men, who invited him to go with them and see an immense ox which they said was on exhibition in the neighborhood. Jacob's bucolic tastes led him to accept the invitation. While on the way to see the ox, he was conducted into a saloon on Congress street, where one of the operators dropped upon the floor a bit of cloth enclosing two three cent pieces. Another of the operators picked it up, opened it and abstracting one of the pieces, threw it upon the floor again. No. 1 row began a search for the missing article, and after recovering it remarked that it was of little consequence whether he found it or not, as it only contained a three cent piece. No. 2 now offered to bet that it did not contain one, but being unable to justify the "koshpoppy," prevailed upon the countryman to take the bet off his hands. Having witnessed the abstraction of the money he was not loth to invest his pile, and accordingly put up his watch and greenbacks. Of course, on unrolling the cloth, the remaining piece was disclosed, to the astonished gaze of the Vermonter, and the operators were not long in bidding him an affectionate farewell. He reported his loss to the police, who, although they have no doubt as to the identity of the parties who fleeced the man, are yet unable to proceed against them.

RESIGNED.—Mayor Hoffman has resigned, his resignation to take effect on the 20th, in order that an election of Mayor may be had to fill the vacancy at the regular charter election in December.

CANADIAN ITEMS.—Mr. Pattison has engaged the Kemp brick store at Frelighsburg for an auction-room for the sale of bankrupt stock that may come into his office as assignee, and opened the same to-day (Nov. 7).

The St. Johns News is pleased to learn that N. A. Smith, Esq., M. D., of Frelighsburg, has in course of preparation a lecture on an important branch of Natural History, entitled "The Lower Order of Creation." Those who are acquainted with Dr. Smith's studious habit, especially in this interesting department, will naturally expect a talented exhibition of the subject above mentioned. The lecturer is already engaged in several places for the coming winter, and will doubtless respond to the calls that may be made on him.

Cap. Herbert, of St. Johns, in four days, week before last, shot, in the vicinity of St. Albans, on Lake Champlain, 120 ducks and 8 wild geese.

The revenue of Canada for October was: Customs, \$955,574; Excise, \$238,894; Post-office, \$45,349; Bill Stamps, \$12,339; Public Works (including railways), \$140,658; Miscellaneous, \$123,132. Total, \$1,545,856. Expenditure, \$1,569,063.

Hamilton is to be discontinued as a military station. The troops stationed there are to be sent to London, Montreal and Quebec.

The City Bank, Montreal, has declared a dividend of four per cent. for the year; and the Bank of Montreal five per cent. for the same period. The Quebec Bank declares a dividend of three and a half per cent on the stock for the current half-year.

A new comic paper, called "Diogenes" has made its appearance in Montreal.

On motion of Mr. Hewett of Chittenden, adjourned.

If Samson's strength actually lay in the length and abundance of his hair, a liberal use of the famous "Barrett's Vegetable Hair Restorative" ought to impart many times the strength of that doughty warrior, for there is no limit it will not reach if not properly applied. —N. H. Patriot.

Life has few charms for the Dyspeptic, which is not to be wondered at when we take into the account the amount of bodily and mental suffering that this distressing malady generates. The Peruvian Syrup (a protoxide of Iron) has cured thousands who were suffering from this disease.

Renne's Pain-Killing Magic Oil is sold by most of our Druggists and Merchants, and has become a standard article in market. This position it has won by its merit. It is clean to use, it cures pain where it is used faithfully, and we intend always to keep it in the house to use. Try it.

110 LISPENARD ST.,
NEW YORK, October 13, 1867.

DEAR SIR:—It is with much pleasure that I say to you that I consider the Plantation Bitters of untold value. In the fall of 1867 I was taken with Chills and Fever, with the most severe pains in my chest and head. It was with great difficulty that I could breathe. My lungs were greatly distressed, and there was a pain in my right side, by which I could hardly get up from bed. I called a Doctor, who attended me all winter without the least benefit. About the first of August I commenced using your Plantation Bitters—a wine-glass full three times a day—and have used it most of the time since, and I am now well and strong, able to do all my own work and the care of a large family.

Yours, &c.
